

Synet™

Resilient Fabrics for Back Construction

New furniture styling demands precise tailoring and shape retention. Synet™ gives you the solution with these added features:

- Attaches to seat backs to function as a flexible back support
- Easy to apply
- One material – 100% superior coverage
- Substantial labor savings
- Soft, comfortable, and lively feel allows you to reduce foam and fiber
- Made of polyester and polyester copolymer

Wooden frame

Metal frame

- **ADAPT** your manufacturing to meet fashion requirements
- **SAVE** in labor and materials
- **OBTAIN** a more comfortable product that maintains its shape
